

VERSION WITH MARKINGS TO SHOW CHANGES MADE

In the Specification:

The paragraph before “Technical Area of the Invention” has been rewritten as follows:

CROSS-REFERENCE TO RELATED APPLICATION

[This application claims the benefit of copending provisional application Serial No. 60/032,757, filed December 11, 1996, which is incorporated herein by reference.] This application is a continuation of pending United States Patent Application No. 08/988,671, filed December 11, 1997 where this application is incorporated herein by reference in its entirety.

The original sequence listing has been replaced.
